Summary of Significant Accounting Policies

Accounting Practices

Overview:

Republic Mortgage Insurance Company of North Carolina ("RMICNC" or the "Company") prepares its statutory financial statements in accordance with the National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures Manual ("NAIC SAP"), and in conformity with accounting practices prescribed or previously the North Carolina Department of Insurance ("NCDOI"). Prescribed statutory accounting practices are those policies that are incorporated directly or by reference in state laws, regulations, and general administrative rules applicable to all insurance enterprises domiciled in a particular state.

Going Concern:

The material increases in mortgage guaranty insurance claims and loss payments that began in 2007 gradually depleted the Company's statutory capital base and forced it to discontinue writing new business. The insurance laws of 16 jurisdictions, including the Company's domiciliary state of North Carolina, require a mortgage insurer to maintain a minimum amount of statutory capital relative to risk in force (or a similar measure) in order to continue to write new business. The formulations currently allow for a maximum risk-to-capital ratio of 25 to 1, or alternately stated, a "minimum policyholder position" ("MPP") of one-twenty-fifth of the total risk in force. The failure to maintain the prescribed minimum capital level in a particular state generally requires a mortgage insurer to immediately stop writing new business until it reestablishes the required level of capital or receives a waiver of the requirement from a state's insurance regulatory authority. The Company breached the minimum capital requirement during the third quarter of 2011. RMICNC had neither requested or been granted waivers of the minimum capital requirements. As a result, the Company discontinued writing new business in all states and limited itself to servicing the run-off of its existing business.

Effective December 3, 2012 the NCDOI issued a summary order the ultimate effects of which were:

- To place RMICNC under NCDOI supervision which, among other considerations, requires written approval of the NCDOI Commissioner or its appointed representative for supervision for certain Company activities and transactions, including the incurrence of any debt or other liabilities, lending of its funds, and termination of entry into new contracts of insurance or
- To require the Company to pay all settled claims in cash for 60% of the settled amount, with the remaining 40% retained in claim reserves as a Deferred Payment Obligation ("DPO") until a future payment of all or a portion of the 40% is approved by the NCDOI; and
- To execute the DPO-based run-off plan under Old Republic International Corporation's ("ORI") ownership and NCDOI supervision of RMICNC to effect a most economically sound realization of ultimate benefits to policyholders during a sufficiently long future period.

The NCDOI has a right to permit other specific practices that may deviate from prescribed practices such as the accounting for the deferred payment obligation. The 40% DPO is retained in claim reserves and is also classified as an admissible asset and as a component of policyholders' surplus pursuant to a permitted practice of the NCDOI. The Company and its affiliate, Republic Mortgage Insurance Company ("Republic"), which is operating under a similar order of supervision issued by the NCDOI, are further impacted by the receipt of only 60% of ceded reinsurance recoverable on intercompany agreements between the two affiliates. The remaining 40% deferred reinsurance balances recoverable is recorded as an offset to statutory surplus. Reconciliations of net income and policyholders' surplus between the amounts reported in the accompanying financial statements (NC basis) and NAIC SAP follow:

	Funds retained for claim payments	NC		(71,946,889)		(62,290,581)		
	Deferred reinsurance balances recoverable	NC		4,579,534		3,857,365		
8.	Policyholders' surplus, NAIC SAP basis		\$	12,413,732	\$	9,803,565		

As long as the run-off under NCDOI supervision remains in place, the statutory DPO accounting treatment should mitigate the adverse effect of operating losses on the statutory capital balance. In these circumstances, the Company's statutory solvency would be retained and the risk of a regulatory receivership action would be averted. In management's opinion, the DPO Plan under NCDOI supervision should be continued for a sufficiently long period of time to achieve the objectives contemplated by the above referenced NCDOI orders.

Absent substantial capital additions and future regulatory and other approvals, the ability of the Company to reemerge as an active underwriter of new business is highly doubtful. On October 24, 2013 ORI announced that its RMIC Companies Inc. ("RMICC") mortgage guaranty subsidiary expected to raise new funds in the capital markets. ORI subsequently reported on March 20, 2014 that it had cancelled the previously announced recapitalization plan. In light of the changed circumstances ORI intends to increase the regulatory capital of Republic. Contemporaneously, RMICNC is seeking regulatory approval to increase substantially or possibly restore to 100% the payout of deferred claim obligations and on all legitimate new claim settlements from 2014 forward. Any adjustment to the payout ratio on the deferred payment obligations and all valid new claim settlements is contingent on the receipt of certain regulatory approvals from the NCDOI. The orders described above could be amended or withdrawn by the NCDOI at any time. Accordingly, there can be no assurance that the conditions or the duration of the run-off of the Company's business will remain unchanged or that it will remain under supervision rather than in receivership.

On May 8, 2014 the Company and Republic (collectively "RMIC") received a Notice of Hearing from the NCDOI the purpose of which is to enable the NCDOI and stakeholders to consider proposed revisions to the RMIC Corrective Plan. The Hearing is scheduled for June 11, 2014.

The above circumstances raise substantial doubt about the Company's ability to continue as a going-concern. However, the accompanying financial statements have been prepared on the assumption that the Company will continue as a going concern. Under this assumption the Company contemplates the realization of assets and liquidation of liabilities in the ordinary course of running off the business over several years. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

- 14. Contingencies
 - Other Contingencies

In the normal course of business, the Company is subject to various contingent liabilities, including possible income tax assessments resulting from tax law interpretation or issues raised by taxing or regulatory authorities in their regular examinations or failure to collect all amounts on its investments or balances due from assureds and reinsurers. The Company does not have a basis for anticipating any significant losses or costs that could result from any known or existing contingencies.

Legal proceedings against the Company routinely arise in the normal course of business and usually pertain to claim matters related to insurance policies and contracts issued by the Company. Other, non-routine legal proceedings which may prove to be material to the Company are discussed below.

On December 31, 2009, Republic and the Company (together "RMIC") filed a Complaint for Declaratory Judgment in the Supreme Court of the State of New York, County of New York, against Countrywide Financial Corporation, Countrywide Home Loans, Inc., The Bank of New York Mellon Trust Company, N.A., BAC Home Loans Servicing, LP, and Bank of America N.A. as successor in interest to Countrywide Bank, N.A. (together "Countrywide") (Republic Mortgage Insurance Company, et al. v. Countrywide Financial Corporation, et al.). The suit relates to five mortgage insurance master policies (the "Policies") issued by RMIC to Countrywide or to the Bank of New York Mellon Trust Company as co-trustee for trusts containing securitized mortgage loans that were originated or purchased by Countrywide. RMIC has rescinded its mortgage insurance coverage on over 1,500 of the loans originally covered under the Policies based upon material misrepresentations of the borrowers in their loan applications or the negligence of Countrywide in its loan underwriting practices or procedures. Each of the coverage rescissions occurred after a borrower had defaulted and RMIC reviewed the claim and loan file submitted by Countrywide. The suit seeks the Court's review and interpretation of the Policies' incontestability provisions and its validation of RMIC's investigation procedures with respect to the claims and underlying loan files.

On January 29, 2010, in response to RMIC's suit, Countrywide served RMIC with a demand for arbitration under the arbitration clauses of the same Policies. The demand raises largely the same issues as those raised in RMIC's suit against Countrywide, but from Countrywide's perspective, as well as Countrywide's and RMIC's compliance with the terms, provisions, and conditions of the Policies. The demand includes a prayer for punitive, compensatory and consequential damages. RMIC filed a motion to stay the arbitration, and Countrywide filed a motion to dismiss RMIC's lawsuit and to compel the arbitration. On July 26, 2010, the Court granted Countrywide's motion, ordering the matters be submitted to arbitration and dismissing the lawsuit. The arbitration is proceeding.

On May 16, 2013, Bank of America, N.A. ("B of A") filed a demand for arbitration with the American Arbitration Association against RMIC under the arbitration provisions of the RMIC Master Policy of mortgage guaranty insurance issued to B of A. The demand relates to RMIC's denials of certain claims and rescissions of coverage as to other claims. B of A alleges RMIC's actions were in breach of contract, in breach of RMIC's duty of good faith and fair dealing and in bad faith. The allegations are substantially similar to those raised by B of A's affiliates, Countrywide Financial Corporation and Countrywide Home Loans, Inc. in their arbitration demand against RMIC. B of A is a plaintiff in that proceeding as well, in its capacity as successor in interest to Countrywide Bank, N.A. B of A's demand requests a declaratory judgment with respect to the interpretation of certain policy provisions, B of A's compliance with certain terms and conditions of the policy, and the propriety of certain coverage positions and claims administration procedures of RMIC. The demand also seeks unspecified money damages, punitive, compensatory and consequential damages, interest, attorney's fees and costs.

An estimated loss is accrued only if the loss is probable and reasonably estimable. The Company has defended and intends to continue defending vigorously against each of the aforementioned actions. The Company does not believe it probable that any of these actions will have a material adverse effect on its financial condition, results of operations, or cash flows, though there can be no assurance in those regards. Nor is the Company able to make a reasonable estimate or range of estimates of any potential liability under these lawsuits and the arbitration, all of which seek unquantified damages, attorneys' fees, and expenses. It is also unclear what effect, if any, the run-off operations of the Company and the depletion of its capital will have in the actions against it.

At March 31, 2014 the Company had admitted assets of \$8,036,189 in premiums receivable due primarily from Republic. The company routinely assesses the collectibility of these receivables and believes the potential for any loss is not material to the Company's financial condition.

- 20. Fair Value Measurement
 - Inputs Used for Assets and Liabilities Measured at Fair Value
 - Fair Value Measurements by Levels 1, 2 and 3

Fair value is defined as the estimated price that is likely to be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (an exit price) at the measurement date. A fair value hierarchy is established that prioritizes the sources ("inputs") used to measure fair value into three broad levels: inputs based on quoted market prices in active markets ("Level 1"); observable inputs based on corroboration with available market data ("Level 2"); and unobservable inputs based on uncorroborated market data or a reporting entity's own assumptions ("Level 3"). Following is a description of the valuation methodologies used for securities measured at fair value.

The Company principally uses quoted values and other data provided by nationally recognized independent pricing sources as inputs into its quarterly process for determining fair values of its bonds. To validate the techniques or models used by pricing sources, the Company's review process includes, but is not limited to: (i) initial and ongoing evaluation of methodologies used by outside parties to calculate fair value, and (ii) comparing other sources including the fair value estimates to its knowledge of the current market and to independent fair value estimates provided by the investment custodian. The independent pricing source obtains market quotations and actual transaction prices for securities that have quoted prices in active markets and uses its own proprietary method for determining the fair value of securities that are not actively traded. In general, these methods involve the use of "matrix pricing" in which the independent pricing source uses observable market inputs including, but not limited to, investment yields, credit risks and spreads, benchmarking of like securities, broker-dealer quotes, reported trades and sector groupings to determine a reasonable fair value.

Level 1 securities include U.S. Treasury notes and most short-term investments in highly liquid money market instruments. Level 2 securities generally include corporate bonds, municipal bonds, and certain U.S. government agency securities. The Company held no securities classified within Level 3 as of March 31, 2014.

The following table shows a summary of assets measured and reported at fair value segregated among the various input levels described above:

		Fair Value Measurements as of March 31, 2014:									
		Level 1		Level 2		Level 3				Total	
Bonds and notes:											
Industrial and miscellaneous bonds	\$		-	\$	1,512,750	\$		-	\$	1,512,750	

C. Fair Values for All Financial Instruments by Levels 1, 2 and 3

The following table reflects the fair values and admitted assets and liabilities that are financial instruments. The fair values are segregated among the various input levels described above:

	Aggregate		Admitted				
March 31, 2014:	Fair Value		Value Level 1		Level 1	 Level 2	 Level 3
Bonds	\$ 150,412,012	\$	152,772,989	\$	5,003,454	\$ 145,408,558	\$ -
Cash and short-term investments	150,804,519		150,804,519		150,804,519	-	-

21. Other Items

C. Other Disclosures

In accordance with North Carolina statutes, the Company made provisional releases of contingency reserve of \$231,000 relating to losses in excess of 35% of net earned premium for 2014.

22. Subsequent Events

Not applicable.

23. Reinsurance

No significant change.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

Not applicable.

25. Changes in Incurred Losses and Loss Adjustment Expenses

	March 31, 2014			
Amount of reserves for unpaid losses and LAE				
at the beginning of the period, net of reinsurance				
losses recoverable of \$50,209,107	\$	287,960,630		
Incurred losses and LAE:				
Provision for insured events of the current year		18,161,536		
Change in provision for insured events of prior years		(14,602,210)		
Total incurred losses and LAE		3,559,326		
Payments:		_		
Losses and LAE attributable				
to insured events of the current year		191,153		
Losses and LAE attributable				
to insured events of prior years		13,521,247		
Total payments		13,712,400		
Amount of reserves for unpaid losses and LAE				
at the end of the period, net of reinsurance				
losses recoverable of \$47,510,368	\$	277,807,556		

In common with all other insurance lines, mortgage guaranty paid and incurred claim and claim adjustment expenses include only those costs actually or expected to be paid by the Company. Changes in mortgage guaranty aggregate case, IBNR, and loss adjustment expense reserves entering into the determination of incurred claim costs, take into account, among a large number of variables, claim cost reductions for anticipated coverage rescissions and claims denials.

The provision for insured events of the current year was reduced by an estimated \$2,075,116 as a result of actual and anticipated rescissions and claim denials.

The provision for insured events of prior years was decreased by an estimated \$1,207,635 as a result of actual rescission and claim denial activity or revisions in assumptions regarding expected rescission or denial rates on outstanding prior year delinquencies. These changes were offset to varying degrees by differences between actual claim settlements relative to expected experience and by subsequent revisions to assumptions in regards to claim frequency, severity or levels of associated claim settlement costs which result from consideration of underlying trends and expectations.

Rescissions and claim denials reduced the Company's settled losses by an estimated \$4,503,597.

Statement for March 31, 2014 of the Republic Mortgage Insurance Company of North Carolina SUPPLEMENTAL EXHIBITS AND SCHEDULES INTERROGATORIES

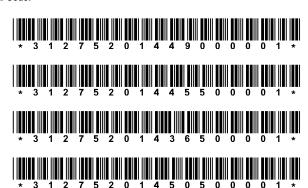

The following supplemental reports are required to be filed as part of your statement filing. However, in the event that your company does not transact the type of business for which the special report must be filed, your response of NO to the specific interrogatory will be accepted in lieu of filing a "NONE" report and a bar code will be printed below. If the supplement is required of your company but is not being filed for whatever reason, enter SEE EXPLANATION and provide an explanation following the interrogatory questions.

		Response
1.	Will the Trusteed Surplus Statement be filed with the state of domicile and the NAIC with this statement?	NO
2.	Will Supplement A to Schedule T (Medical Professional Liability Supplement) be filed with this statement?	NO
3.	Will the Medicare Part D Coverage Supplement be filed with the state of domicile and the NAIC with this statement?	NO
4.	Will the Director and Officer Supplement be filed with the state of domicile and the NAIC with this statement?	NO
