Summary of Significant Accounting Policies

Accounting Practices

Republic Mortgage Insurance Company of North Carolina ("RMICNC" or the "Company") prepares its statutory financial statements in accordance with the National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures Manual ("NAIC SAP"), and in conformity with accounting practices prescribed or permitted by the North Carolina Department of Insurance ("NCDOI"). Prescribed statutory accounting practices are those policies that are incorporated directly or by reference in state laws, regulations, and general administrative rules applicable to all insurance enterprises domiciled in a particular state.

The material increases in mortgage guaranty insurance claims and loss payments that began in 2007 gradually depleted the Company's statutory capital base and forced it to discontinue writing new business. The insurance laws of 16 jurisdictions, including the Company's domiciliary state of North Carolina, require a mortgage insurer to maintain a minimum amount of statutory capital relative to risk in force (or a similar measure) in order to continue to write new business. The formulations currently allow for a maximum risk-to-capital ratio of 25 to 1, or alternately stated, a "minimum policyholder position" ("MPP") of one-twenty-fifth of the total risk in force. The failure to maintain the prescribed minimum capital level in a particular state generally requires a mortgage insurer to immediately stop writing new business until it reestablishes the required level of capital or receives a waiver of the requirement from a state's insurance regulatory authority. The Company breached the minimum capital requirement during the third quarter of 2011. RMICNC had neither requested nor been granted waivers of the minimum capital requirements. As a result, the Company discontinued writing new business in all states and limited itself to servicing the run-off of its existing business. The Company was placed under the NCDOI's administrative supervision the following year and ordered to defer the payment of 40% of all settled claims as deferred payment obligations ("DPO"). Supervision, among other considerations, requires written approval of the NCDOI Commissioner or its appointed representative for supervision for certain Company activities and transactions, including the incurrence of any debt or other liabilities, lending of its funds, and the termination of entry into new contracts of insurance or reinsurance.

On June 27, 2014, the NCDOI issued a Final Order approving an Amended and Restated Corrective Plan (the "Amended Plan") submitted jointly on April 26, 2014, by Republic Mortgage Insurance Company ("Republic"), an affiliate, and RMICNC. Under the Amended Plan, Republic and RMICNC were authorized to pay 100% of their DPOs accrued as of June 30, 2014; to settle all subsequent valid claims entirely in cash, without establishing any DPOs; and to discontinue the permitted practice outlined below with respect to the accounting for the accumulated deferred payment obligations. In anticipation of receiving this Final Order, ORI invested \$125 million in cash and securities in Republic in June 2014. In mid-July 2014, in furtherance of the Final Order, RMICNC processed payments for substantially all of its accumulated DPO balances relating to fully settled claims charged to periods extending between December 3, 2012 and June 30, 2014. Republic and RMICNC will remain under the supervision of the NCDOI and continue to operate in run-off mode. The approval of the Amended Plan notwithstanding, the NCDOI retains its regulatory supervisory powers to review and amend the terms of the Amended Plan in the future as circumstances may warrant.

The NCDOI has a right to permit other specific practices that may deviate from prescribed practices such as the accounting for the deferred payment obligation. Prior to June 30, 2014, the 40% DPO was retained in claim reserves and was also classified as an admissible asset and as a component of policyholders' surplus pursuant to a permitted practice of the NCDOI. The Company and Republic, which is operating under a similar order of supervision issued by the NCDOI, were further impacted by the receipt of only 60% of ceded reinsurance recoverable on intercompany agreements between the two affiliates. The remaining 40% deferred reinsurance balances recoverable was recorded as an offset to statutory surplus. Reconciliations of net income and policyholders' surplus between the amounts reported in the accompanying financial statements (NC basis) and NAIC SAP follow:

	Description	State	Ma	Months Ended rch 31, 2015	Dece	Year Ended ember 31, 2014
1.	Net income, state basis	NC	\$	6,147,974	\$	17,700,068
2.	Effect of state prescribed practices			-		-
3.	Effect of state permitted practices			-		-
4.	Net income, NAIC SAP basis		\$	6,147,974	\$	17,700,068
	Description	State	Mai	rch 31, 2015	Dece	ember 31, 2014
5.	Policyholders' surplus, state basis	NC	\$	16,687,233	\$	14,634,897
6.	Effect of state prescribed practices			-		-
7.	Effect of state permitted practices					
	Funds retained for claim payments	NC		-		-
	Deferred reinsurance balances recoverable	NC		-		-
	Policyholders' surplus, NAIC SAP basis		Φ.	16,687,233	\$	14.634.897

The Company's evaluation of the potential long-term underwriting performance of the run-off book of business is based on various modeling techniques. Such models were considered by the NCDOI in reaching their conclusions set forth in the orders described above. The resulting models take into account actual premium and paid claim experience of prior periods, together with a large number of assumptions and judgments about future outcomes that are highly sensitive to a wide range of estimates. Many of these estimates and underlying assumptions relate to matters over which the Company has no control, including: 1) The conflicted interests, as well as the varying mortgage servicing and foreclosure practices of a large number of insured lending institutions; 2) General economic and industry-specific trends and events; and 3) The evolving or future social and economic policies of the U.S. Government vis-à-vis such critical sectors as the banking, mortgage lending, and housing industries, as well as its policies for resolving the insolvencies and assigning a possible future role to Fannie Mae and Freddie Mac. These matters notwithstanding, it is possible that the operating results could nonetheless be negative in the near term.

Absent substantial capital additions and future regulatory and other approvals, the ability of the Company to reemerge as an active underwriter of new business is highly doubtful. The orders described above could be amended or withdrawn by the NCDOI at any time. Accordingly, there can be no assurance that the conditions or the duration of the run-off of the Company's business will remain unchanged or that it will remain under supervision rather than in receivership.

The above circumstances raise substantial doubt about the Company's ability to continue as a going-concern. However, the accompanying financial statements have been prepared on the assumption that the Company will continue as a going concern. Under this assumption the Company contemplates the realization of assets and liquidation of liabilities in the ordinary course of running off the business over several years. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

- 14. Contingencies
 - G. Other Contingencies

In the normal course of business, the Company is subject to various contingent liabilities, including possible income tax assessments resulting from tax law interpretation or issues raised by taxing or regulatory authorities in their regular examinations or failure to collect all amounts on its investments or balances due from assureds and reinsurers. The Company does not have a basis for anticipating any significant losses or costs that could result from any known or existing contingencies.

Legal proceedings against the Company routinely arise in the normal course of business and usually pertain to claim matters related to insurance policies and contracts issued by the Company. Other, non-routine legal proceedings which may prove to be material to the Company are discussed below.

On December 31, 2009, Republic and the Company (together "RMIC") filed a Complaint for Declaratory Judgment in the Supreme Court of the State of New York, County of New York, against Countrywide Financial Corporation, Countrywide Home Loans, Inc., The Bank of New York Mellon Trust Company, N.A., BAC Home Loans Servicing, LP, and Bank of America N.A. as successor in interest to Countrywide Bank, N.A. (together "Countrywide") (Republic Mortgage Insurance Company, et al. v. Countrywide Financial Corporation, et al.). The suit relates to five mortgage insurance master policies (the "Policies") issued by RMIC to Countrywide or to the Bank of New York Mellon Trust Company as co-trustee for trusts containing securitized mortgage loans that were originated or purchased by Countrywide. RMIC has rescinded its mortgage insurance coverage on over 1,500 of the loans originally covered under the Policies based upon material misrepresentations of the borrowers in their loan applications or the negligence of Countrywide in its loan underwriting practices or procedures. Each of the coverage rescissions occurred after a borrower had defaulted and RMIC reviewed the claim and loan file submitted by Countrywide. The suit seeks the Court's review and interpretation of the Policies' incontestability provisions and its validation of RMIC's investigation procedures with respect to the claims and underlying loan files.

On January 29, 2010, in response to RMIC's suit, Countrywide served RMIC with a demand for arbitration under the arbitration clauses of the same Policies. The demand raises largely the same issues as those raised in RMIC's suit against Countrywide, but from Countrywide's perspective, as well as Countrywide's and RMIC's compliance with the terms, provisions, and conditions of the Policies. The demand includes a prayer for punitive, compensatory and consequential damages. RMIC filed a motion to stay the arbitration, and Countrywide filed a motion to dismiss RMIC's lawsuit and to compel the arbitration. On July 26, 2010, the Court granted Countrywide's motion, ordering the matters be submitted to arbitration and dismissing the lawsuit. The arbitration is proceeding.

On May 16, 2013, Bank of America, N.A. ("B of A") filed a demand for arbitration with the American Arbitration Association against RMIC under the arbitration provisions of the RMIC Master Policy of mortgage guaranty insurance issued to B of A. The demand relates to RMIC's denials of certain claims and rescissions of coverage as to other claims. B of A alleges RMIC's actions were in breach of contract, in breach of RMIC's duty of good faith and fair dealing and in bad faith. The allegations are substantially similar

to those raised by B of A's affiliates, Countrywide Financial Corporation and Countrywide Home Loans, Inc. in their arbitration demand against RMIC. B of A is a plaintiff in that proceeding as well, in its capacity as successor in interest to Countrywide Bank, N.A. B of A's demand requests a declaratory judgment with respect to the interpretation of certain policy provisions, B of A's compliance with certain terms and conditions of the policy, and the propriety of certain coverage positions and claims administration procedures of RMIC. The demand also seeks unspecified money damages, punitive, compensatory and consequential damages, interest, attorney's fees and costs. The arbitration is proceeding.

On August 26, 2014, B of A filed suit against RMIC in the General Court of Justice, Superior Court Division for Mecklenburg County, North Carolina. The complaint arises in connection with a RMIC bulk mortgage guaranty insurance policy issued to B of A and several RMIC traditional primary mortgage guaranty insurance policies issued to correspondent lenders from whom B of A acquired loans or servicing rights on loans for which certificates of insurance were issued under such policies. The complaint relates to RMIC's denials and curtailments of certain claims and rescissions and cancellations of coverage as to other claims. B of A alleges RMIC's actions were in breach of contract, in breach of RMIC's duty of good faith and fair dealing and in bad faith. The allegations are substantially similar to those asserted by B of A in the May 16, 2013 American Arbitration Association arbitration demand against RMIC, and relate to loans that were dismissed from the proceeding. B of A's demand requests a declaratory judgment with respect to the interpretation of certain policy provisions, B of A's compliance with certain terms and conditions of the policy, and the proprietary of certain coverage positions and claims administration procedures of RMIC. The demand also seeks money damages, punitive, compensatory and consequential damages, interest, attorneys' fees and costs.

An estimated loss is accrued only if the loss is probable and reasonably estimable. The Company has defended and intends to continue defending vigorously against each of the aforementioned actions. The Company does not believe it probable that any of these actions will have a material adverse effect on its financial condition, results of operations, or cash flows, though there can be no assurance in those regards. Nor is the Company able to make a reasonable estimate or range of estimates of any potential liability under these lawsuits and the arbitration, all of which seek unquantified damages, attorneys' fees, and expenses. It is also unclear what effect, if any, the run-off operations of the Company and its limited capital will have in the actions against it.

At March 31, 2015 the Company had admitted assets of \$7,033,456 in premiums receivable due primarily from Republic. The company routinely assesses the collectibility of these receivables and believes the potential for any loss is not material to the Company's financial condition.

- 20. Fair Value Measurement
 - Inputs Used for Assets and Liabilities Measured at Fair Value
 - Fair Value Measurements by Levels 1, 2 and 3

Fair value is defined as the estimated price that is likely to be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (an exit price) at the measurement date. A fair value hierarchy is established that prioritizes the sources ("inputs") used to measure fair value into three broad levels: inputs based on quoted market prices in active markets ("Level 1"); observable inputs based on corroboration with available market data ("Level 2"); and unobservable inputs based on uncorroborated market data or a reporting entity's own assumptions ("Level 3"). Following is a description of the valuation methodologies used for securities measured at fair value.

The Company principally uses quoted values and other data provided by nationally recognized independent pricing sources as inputs into its quarterly process for determining fair values of its bond and common stock securities. To validate the techniques or models used by pricing sources, the Company's review process includes, but is not limited to: (i) initial and ongoing evaluation of methodologies used by outside parties to calculate fair value, and (ii) comparing other sources including the fair value estimates to its knowledge of the current market and to independent fair value estimates provided by the investment custodian. The independent pricing source obtains market quotations and actual transaction prices for securities that have quoted prices in active markets and uses its own proprietary method for determining the fair value of securities that are not actively traded. In general, these methods involve the use of "matrix pricing" in which the independent pricing source uses observable market inputs including, but not limited to, investment yields, credit risks and spreads, benchmarking of like securities, broker-dealer quotes, reported trades and sector groupings to determine a reasonable fair value.

Level 1 securities include U.S. Treasury notes, publicly traded common stocks and most short-term investments in highly liquid money market instruments. Level 2 securities generally include corporate bonds, municipal bonds, and certain U.S. government agency securities. The Company held no securities classified within Level 3 as of March 31, 2015.

The following table shows a summary of assets measured and reported at fair value segregated among the various input levels described above:

> Fair Value Measurements as of March 31, 2015: Level 2 Level 3 Total

Bonds and notes: Industrial and miscellaneous bonds \$ 3,436,273 \$ \$ 3,436,273 Common stocks 5.633.293 5.633.293

C. Fair Values for All Financial Instruments by Levels 1, 2 and 3

The following table reflects the fair values and admitted assets and liabilities that are financial instruments. The fair values are segregated among the various input levels described above:

	Aggregate	Admitted			
March 31, 2015:	Fair Value	Value	Level 1	Level 2	Level 3
Bonds	\$ 153,267,908	\$152,278,077	\$ 4,921,019	\$ 148,346,889	\$ -
Common stocks	5,633,293	5,633,293	5,633,293	-	-
Cash and short-term investments	33,995,109	33,995,109	33,995,109	-	-

21. Other Items

No significant change.

22. Subsequent Events

Not applicable.

23. Reinsurance

No significant change.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

Not applicable.

25. Changes in Incurred Losses and Loss Adjustment Expenses

	Ma	arch 31, 2015
Amount of reserves for unpaid losses and LAE		
at the beginning of the period, net of reinsurance		
losses recoverable of \$44,295,400	\$	150,381,162
Incurred losses and LAE:		
Provision for insured events of the current year		10,576,344
Change in provision for insured events of prior years		(8,907,065)
Total incurred losses and LAE		1,669,279
Paid losses and LAE:		
Losses and LAE attributable		
to insured events of the current year		193,684
Losses and LAE attributable		
to insured events of prior years		15,682,371
Total settled losses and LAE		15,876,055
Amount of reserves for unsettled losses and LAE		
at the end of the period, net of reinsurance		
losses recoverable of \$42,916,616	\$	136,174,386

In common with all other insurance lines, mortgage guaranty paid and incurred claim and claim adjustment expenses include only those costs actually or expected to be paid by the Company. Changes in mortgage guaranty aggregate case, IBNR, and loss adjustment expense reserves entering into the determination of incurred claim costs, take into account, among a large number of variables, claim cost reductions for anticipated coverage rescissions and claims denials.

The provision for insured events of the current year was reduced by an estimated \$815,107 as a result of actual and anticipated rescissions and claim denials.

The provision for insured events of prior years was decreased by an estimated \$344,117 as a result of actual rescission and claim denial activity or revisions in assumptions regarding expected rescission or denial rates on outstanding prior year delinquencies. Favorable development also resulted due in varying degrees by differences between actual claim settlements relative to expected experience and by subsequent revisions to assumptions in regards to claim frequency, severity or levels of associated claim settlement costs which result from consideration of underlying trends and expectations.

Rescissions and claim denials reduced the Company's paid losses by an estimated \$2,224,814.
