## RMIC Reiterates Participation in the Enhanced HARP Program

On December 20, Fannie Mae released updates to recently announced enhancements to the Home Affordable Refinance Program (HARP). These updates are acceptable to RMIC, and we will continue to fully participate in the enhanced HARP program. Any RMIC-insured loan that is eligible under Fannie Mae or Freddie Mac's enhanced HARP guidelines will be eligible under RMIC's HARP guidelines<sup>1</sup>.

### RMIC's Recovery Assistance Program

RMIC's [Recovery Assistance Program Resource Center](#) is available at [www.rmic.com](http://www.rmic.com) with tools such as eligibility parameters, frequently asked questions, submission options, and forms for RMIC's HARP Same Servicer and New Servicer Programs, as well as the Home Affordable Modification Program (HAMP).

### RMIC Still Offers Solutions

While RMIC is not currently writing new mortgage insurance coverage, our affiliated companies continue to support our customers and provide non-insurance products and solutions. We continue to offer Contract Underwriting, Credit Reporting Services, Valuation Products, Customer Relationship Management Technology, Training, Pre-Home Ownership Counseling, and other services important to our customers. For more information on these solutions contact your RMIC Account Manager at 800-999-RMIC (7642).

<sup>1</sup> For both Same Servicer and New Servicer options, if the Servicer or the Insured has been notified in writing by RMIC that the information or documentation relied on for the issuance of the certificate of insurance was materially false, incorrect or incomplete, or that there has been a failure to comply with applicable RMIC Master Policy provisions or guideline requirements, then the loan cannot be refinanced or modified through the HARP program unless and until the issue(s) have been resolved.
